SERVICES

“Medical Services” shall mean those only medical services that are consistent with the respective clinician’s training and experience, which clinician is permitted to perform under applicable law. Please note that the list of services below may not be totally inclusive or exclusive.

From time to time, due to vacations, sick days, and other similar situations, certain clinicians may not be personally available to provide the services referred to above. During such times, calls to such clinician may be directed to another clinician who is “covering” during such absence, although there is no guarantee of such coverage.

Please allow 48 hours to get back to you for nonurgent concerns.
